

MacIntyre Academies Quest Academy

Dear Parents and Carers,

<https://www.thequestacademy.org/page/?title=Quest+Shop&pid=1115>

This festive period sees the launch of our new Quest Shop. Learners across the school have been accessing enterprise sessions as part of their Community & Enterprise lessons.

This term in lower school the learners have been trialling a number of different materials to make items; clay, Hama beads and fabric to sew. Hama beads have been most popular with most classes making keyrings.

In Upper School, learners have produced three Christmas food items; Christmas jam, sweet green tomato relish and Christmas beetroot chutney.

Also, some of our very own Christmas helpers have been hard at work creating festive goodies as part of their creative curriculum lessons. So please help support the school and take a look at our online treats.

Instead of our Christmas fair, we are going digital this year. Simply go online, order your goods and one of our learner elves will deliver it to either the office or can send home with a learner. We are a cashless school so orders will need to be made online and added to your ParentPay account.

Below are a few examples available on the site.

Next term we are expanding our stock to include mugs, t-shirts, tote bags and much more, all with specific designs to support selected charitable causes (selected via school council). Stay tuned to our website and social media for a sneak peek and pre-orders of selected items.

Yours sincerely,

Peter Murkett & James Horne
